Tempe, AZ 85288 USA | lekhamore@gmail.com | +1 (480) 979-8947 | [Portfolio](#) | [LinkedIn](#) | [Website](#)

## EDUCATION

---

- Arizona State University, Tempe, AZ** *August 2023 – May 2026*  
Master of Architecture | CGPA: 3.42
- B.K.P.S. College of Architecture, Savitribai Phule Pune University, India** *July 2013 – October 2019*  
Bachelor of Architecture

## SELECTED ACADEMIC PROJECTS (REVIT / BIM)

---

- ECS / Ecological Cooling Shores** | Arizona State University | Spring 2026 | Prof. Darren Petrucci  
Designed a modular shoreline filter along the Salt River; developed first-pass Revit massing, sections, and elevations testing arched rib structures, shaded circulation, and ecological protection strategies for heat, noise, and night light.
- Colony 518** | Arizona State University | Fall 2024 | Prof. Darren Petrucci  
Designed an adaptive reuse, high-density residential community above an existing commercial base; produced Revit model studies, plans, sections, elevations, and façade and courtyard systems exploring microclimates and water revival.
- Impression Towers** | Arizona State University | Spring 2024 | Prof. Elizabeth McLean  
Designed a mixed-use, net-zero high-rise in Phoenix; built Revit massing, plans, sections, elevations, and façade-performance documentation integrating phase-change materials, double-glazed systems, and shaded terraces for heat-gain reduction.

## PROFESSIONAL EXPERIENCE

---

- Arizona State University | Teaching Assistant** *February 2026 – May 2026*
- TA for DSC 101 Design Awareness (Supervisor: Samantha Perkins), facilitating discussions and supporting studio-style learning activities.
  - Graded assignments using rubrics and provided written feedback on argument clarity, composition, and iterative improvement.
- Arizona State University | Grader** *September 2024 – May 2025*
- Graded and reviewed work across three architecture courses: ARC 541 Advanced Representation (Prof. Scott Murff), ARC 101 Architecture of Architecture (Prof. Elena Rocchi), and ARC 432 Architectural History (Prof. Zoe Cope).
  - Evaluated drawings, essays, and conceptual work for clarity, visual logic, and historical accuracy, maintaining grading consistency to academic rubrics.
  - Supported faculty in upholding academic standards and managing studio and theory coursework logistics.
- Vilas Avachat and Associates, Mumbai, India | Junior Architect** *March 2022 – July 2023*
- Led an industrial project in Uttarakhand from centerline to execution, producing construction drawings and elevation details in AutoCAD and SketchUp.
  - Designed a steel and RCC factory in Gujarat from concept through construction documentation, coordinating closely with onsite consultants.
  - Developed construction and sale plans for multiple high-rise residential buildings in Dadar, updating layouts to meet revised FSI requirements and producing electrical, furniture, and area plans.
  - Created detailed 3D models and renderings for residential and commercial buildings using SketchUp and V-Ray.
- Prism Architects and Interior Designers, Mumbai, India | Junior Architect** *September 2021 – November 2021*
- Produced and revised construction drawings for high-rise buildings with rehabilitation design mandates, and modeled layouts in SketchUp for spatial visualization.
  - Designed furniture layouts in AutoCAD to convert rehabilitation units into saleable layouts.
- Raj Furnishers, Pune, India | Junior Architect** *February 2021 – March 2021*
- Produced finishing drawings including electrical plans, detailed furniture drawings, and layouts, and designed a client bedroom in modern French style with custom all-white furniture.
  - Created 3D bungalow renderings using SketchUp and V-Ray for client presentations.

## TECHNICAL SKILLS

---

**Drafting & BIM:** Revit (proficient), Graphisoft ArchiCAD, AutoCAD  
**Modeling & Rendering:** SketchUp, Rhino, Grasshopper, V-Ray, Lumion, Twinmotion, KeyShot, Enscape  
**Graphics & Presentation:** Adobe Photoshop, Illustrator, InDesign, CorelDRAW, Figma  
**Collaborative Tools:** Miro, Canvas, Loom, Yellowdig, Lucidspark  
**Emerging Tech:** Adobe Firefly, DALL·E, Adobe Aero (AI/AR visualization)

## EXTRACURRICULAR & CREDENTIALS

---

- **Architectural Content Writer, ArchDiary (2022–2023):** authored 8+ in-depth, research-based articles on architecture and design.
- **Licensed Architect, India:** Council of Architecture License CA/2022/148340.
- **Selected for NASA ANDC Trophy (2015):** contributed research and reporting for the national design competition on the theme “Re-evolution.”
- **Co-Editor, Annual Magazine ‘Vastuvidhaan’ (2014–2015):** managed layout, editorial content, sponsorship outreach, and publishing.
